

Meeting aims and seed questions

Tim Trent, Marc Schroeder, Ben Ho

Meeting Aims

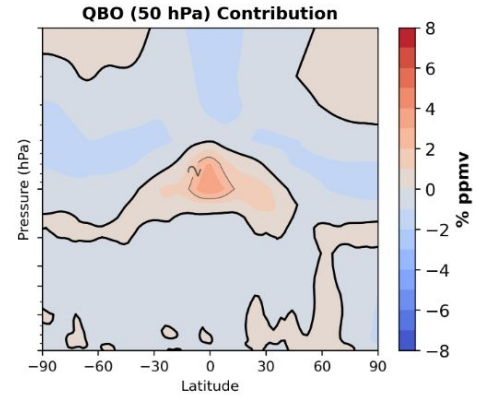

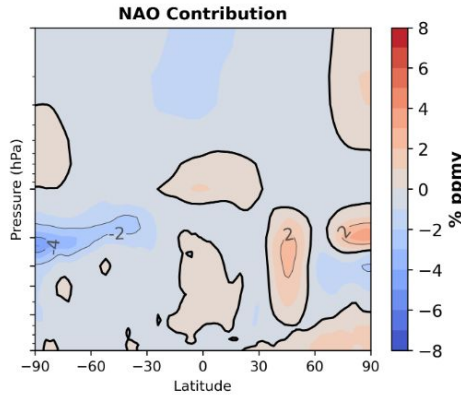

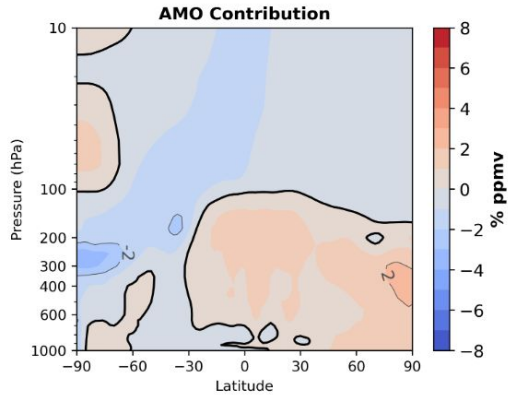

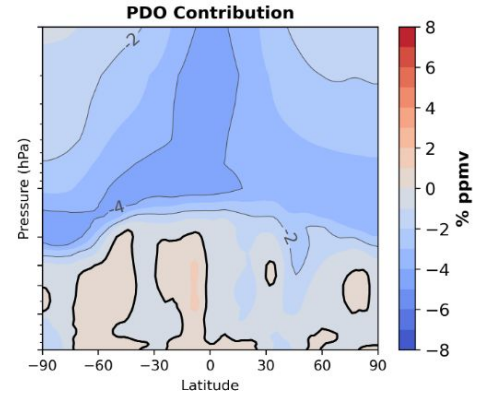

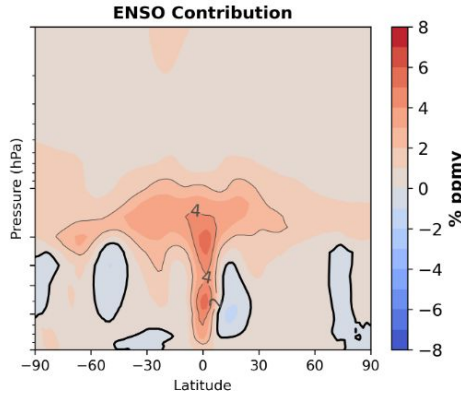

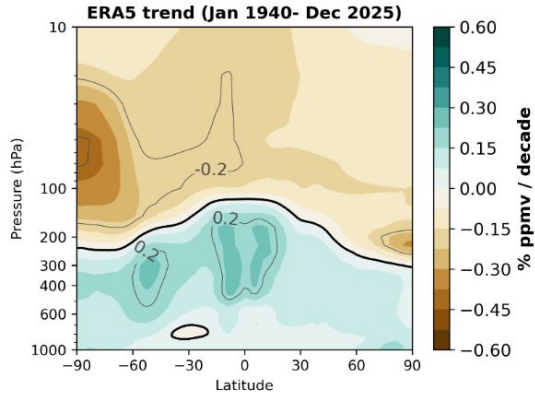

- Come together as a community and discuss current/ongoing research
- Finalise section of the assessment report
- Decide on next steps/future direction

Seed questions for Thursdays discussions

- Phase 2 of G-VAP
 - If you previously committed to providing input(s) to the report can you still do this? Do they need to be revised? Withdrawn?

- For phase 3 of G-VAP:
 - Do you have a preference for how it could be structured, e.g. similar approach to phases 1+2, or set 2 to 3 research 'challenges' or question, target Horizon Europe funding?
 - Would you be interested in a small 'sprint' type project to meet IPCC Q1 2027 cut off for publications?
 - Do you have a vision or idea for a different type of focused activity?
 - What is the level of commitment is realistic for you?
 - Do you have new ideas for raising the profile/visibility of the assessment?

Example: Long-term Profile trends

* very preliminary
