

## Regional Hydroclimatic Programme for the Andes Annual Meeting

Lima, Peru - 26 May to 01 June 2024

ANDEX is the Regional Hydroclimatic Programme for the Andes under the Hydroclimatology Panel of the Global Energy and Water Exchanges Programme (GEWEX), one of the core projects of the World Climate Research Programme (WCRP). It was created in 2018 with the overall objective of improving the understanding and prediction of the climate and hydrology of the Andes Mountains, with the participation of actors from the seven Andean countries: Venezuela, Colombia, Ecuador, Peru, Bolivia, Chile and Argentina.

ANDEX's vision is to become a regional hydroclimatic programme of reference constituted by a consolidated and articulated scientific community that responds to the needs of society and contributes to planning and decision-making for the sustainable development of the Andean countries. Water security for Andean populations and high-impact hydroclimatic events are its two main themes of research, production and dissemination of knowledge and information.

The ANDEX Annual Meeting will take place in Peru between 26 May and 01 June 2024 and will bring together the members of the Scientific Committee, as well as project leaders and collaborators. Its general aims include addressing progress on ANDEX's Scientific and Implementation Plan to 2033, and deepening the process of consolidating its scientific-academic network and linking with strategic stakeholders.

The 45th meeting of the WCRP Joint Scientific Committee will also be held in Lima from 27 to 31 May, providing a unique opportunity for joint work and intra- and inter-institutional coordination. Both meetings are being organised locally by IRD-Peru, the Peruvian Geophysical Institute (IGP) and Cayetano Heredia University (UPCH).

## Regional Hydroclimatic Programme for the Andes Annual Meeting

Lima, Peru - 26 May to 01 June 2024

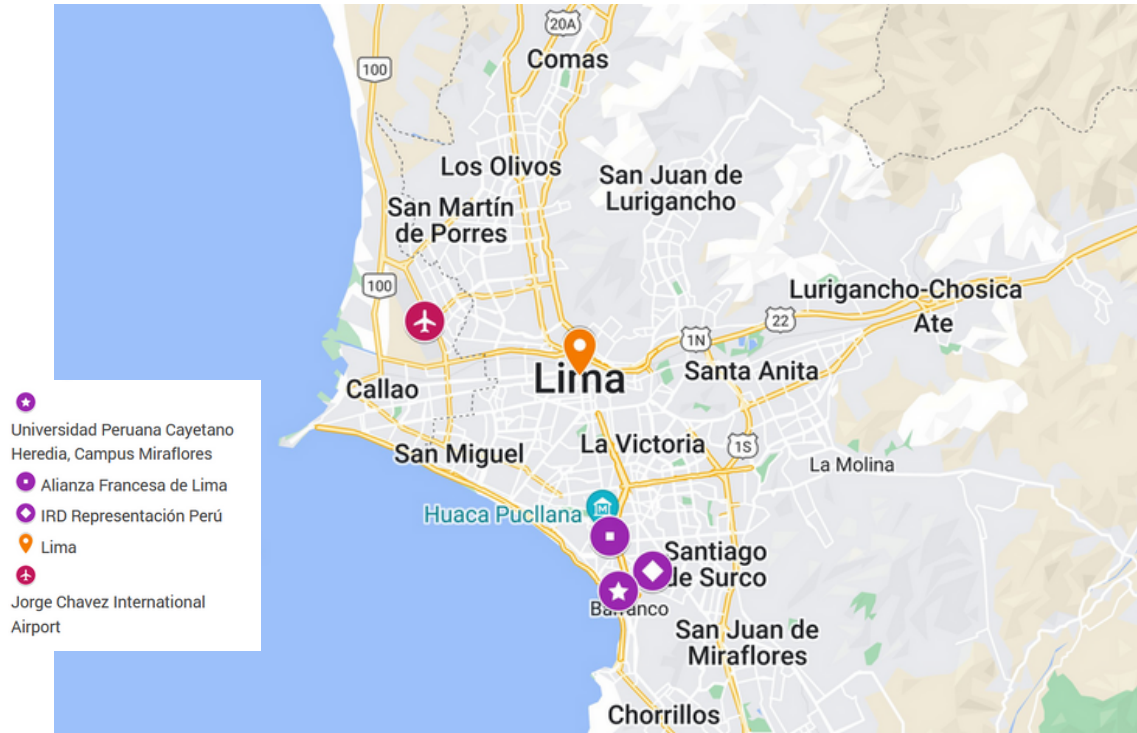

### PRELIMINARY AGENDA

DATE	TIME	ACTIVITY	LOCATION	FORMAT
MEETINGS				
Sunday 26 May	15.00-17.00	ANDEX Scientific Committee Meeting	Sede IRD Lima	In person
	17.30	cocktail reception WCRP-ANDEX	Sede IRD Lima	In person
Monday 27 May	08.00-10.00	ANDEX Session 1	UPCH, Lima	Hybrid
