

Poster D3

ET uncertainties linked to surface heterogeneities and energy imbalance

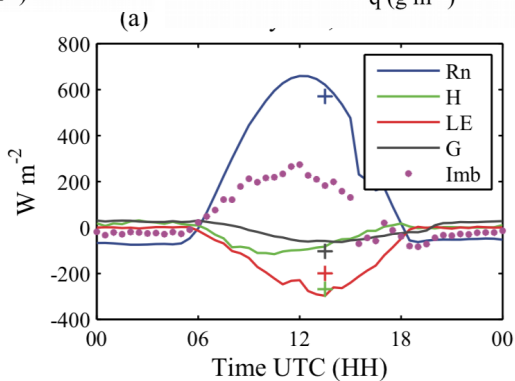

J. Cuxart, G. Simó, D. Martínez-Villagrasa, M.A. Jiménez (UIB, Mallorca); L. Conangla (UPC, Barcelona)

SEB Imbalance over irrigated terrain

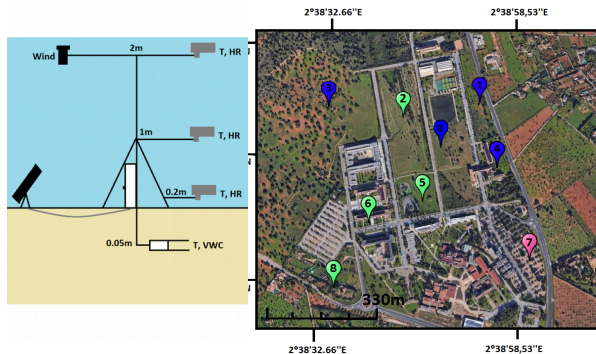

(2 years, all data day and night)

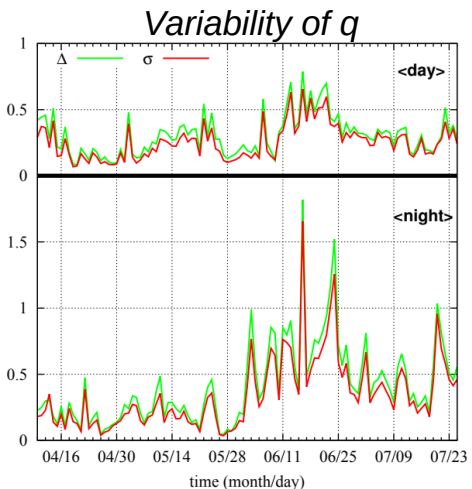

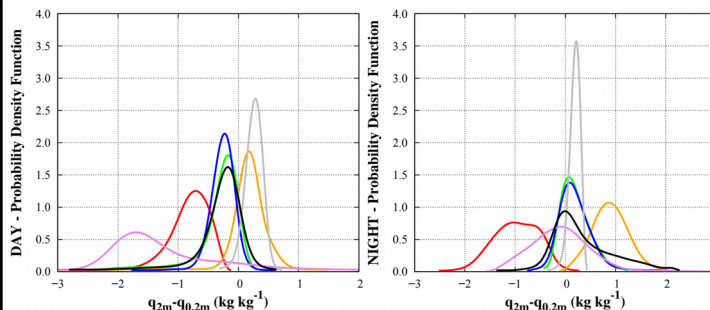

For a sunny day

9 poles over different types of surface on a 1 km² area (April-June 2016)

Variability of $q(2m)-q(0.2m)$

Estimated thermal advection
